

DO NOT HIDE ANY INFORMATION RELATED TO COVID-19

Sisters & Brothers,

We have been very fortunate that, to date, **we haven't had any COVID-19 outbreaks in the Toronto Local**. Many members are doing their best to follow public health guidelines to protect themselves, as well as those around them. However, some issues have been brought to my attention that I must address.

It has come to the Union's attention that some of our members have been coming into work who have **other jobs**, where there **have been COVID-19 outbreaks**. Every one of us **must** follow the directive given by Public Health. If you have another job where a COVID-19 outbreak has occurred, you are advised by Public Health to **self-isolate**, as **you cannot report to work at Canada Post**. Doing so puts the **lives of your co-workers at risk**.

As more of Ontario begins to re-open, more members will be **working at other jobs** (including self-employment). If you are one of those members and have been exposed or potentially exposed to covid-19 at your other job, **Please share the information**, you are **obligated** to report it to Canada Post.

Withholding any information about COVID-19 can endanger someone else's life. The Union cannot and will not accept or tolerate anyone risking the health and safety of others.

COVID-19 is far from over. We all have to do our part to take care and protect each other.

Please avoid social gatherings and **"pot lucks"** while at work. This **cannot** happen as it is irresponsible, dangerous, and puts us **all** at a risk for an outbreak.

To be clear, if you feel sick, if you feel you may have been exposed, if you've been advised to self-isolate, then you must notify Canada Post and stay Home .

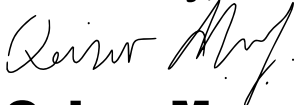

We have a collective responsibility to protect each other during this pandemic. We all have to do our part. We **must** follow the guidelines from Public Health, we must **maintain social distancing**, we must **regularly wash our hands**, use **sanitizer** and use proper **PPE**.

***We're all in this together.
It's up to all of us to do our part to protect each other.
An Injury to one ... is an injury to all.***

Be Safe & Stay Safe

In Solidarity,

Qaiser Maroof

President

CUPW, Toronto Local
