

COVID 19 PHASE 2 UNION HALL REOPENING

Sisters and Brothers:

According to the National recommendations and the Provincial guidelines we are now going into phase 2 of the Covid 19 pandemic. This gradual reopening of activities will change how members will have to interact when they need to meet with a union representative. According to the guidelines, members will have to book appointments to have meetings with the Grievance Department, WSIB, Pension and LTD or to have any meetings with any of the officers.

These health guidelines are important so the union local can control the numbers of members in the Union hall and keep people safe.

Also, we want to remind the membership to remain socially distanced when out in the workplace or public, wash your hands frequently, and you are encouraged to wear a mask, if social distancing is not possible.

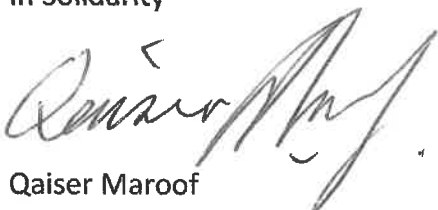

Together we can fight this pandemic and ensure the safety of all postal workers. It is our strength together following the proper procedures that can reduce this infectious virus.

Most importantly, to keep everybody as safe as possible, it is important to stay home if you are sick or showing symptoms. We have fought and achieved quarantine leave, and CUPW has one of the few collective agreements with this provision which is covered at 100% of your pay.

As we continue to head into Phase 2, let's continue to look out for each other's health and safety. We are confident that the membership can and will make this phase successful for postal workers.

AN INJURY TO ONE IS AN INJURY TO ALL

In Solidarity

Qaiser Maroof
